EXPERIENCE

Briarcliff Manor Recreational Department Camp | Briarcliff Manor, NY |

June 2013 – August 2018

Group Director

- Worked as Group Director for 12-15 incoming first grade boys and girls
- Managed any and all activities the kids participated in, ranging from the fine arts, to sports, to team building and social development
- Strived for cooperation among all campers in our group and a safe environment

Briarcliff Manor Swimming and Diving Team | Briarcliff Manor, NY |

June 2016 – August 2019

Assistant Head Coach

- Coach children ages 5 to 8 on basic swimming strokes and techniques
- Draft and submit necessary paperwork for Division I swim meets
- Coordinate with swimmers and parents via email
- Organize and facilitate practice

ACTIVITIES

Boston College Dynamics | Chestnut Hill, MA |

September 2018 – Present

Music Director

- Facilitate, organize, and run three rehearsals a week of a group of 18 college students
- Provide a support system for undergraduates as they navigate their college career and passion for music
- Compose/arrange over three songs (SATB) for the group per semester, with original part writing

Social Media Coordinator

- Continues to build following on social media platforms such as Facebook, Instagram and YouTube
- Promoted online club presence as well recruiting for new members
- Filmed and edited several promotional videos for the club using Final Cut Pro and Photoshop

Boston College Endeavor Program | Chestnut Hill, MA |

January 2019 – Present

Participant

- Returned early to campus to refine networking skills and learn more about possible career paths
- Spent time assessing myself to identify and plan ways to improve my skill set
- Visited Gupta Media on a career trek to gain exposure to the digital advertising industry
- Utilized personal communication skills to connect with and get advice from BC alumni

SKILLS & INTERESTS

- Well-versed in editing software such as Photoshop, FinalCut Pro, Adobe Premiere, and Adobe Lightroom
- Well-versed in music composition software such as Muscores, and Finale
- Multiple courses taken in programming languages such as Python, Java, and C
- Spent three years studying the effects of Obsessive-Compulsive Disorder on quality of life at the Yale OCD Research Center
